SPORTS FUN!

SPORTS CLASSES FOR KIDS

Teaching great kids,
great sports, since 1986

★ THE SPORTS FUN® PHILOSOPHY ★

Sports Fun® has been servicing the Tampa Bay/St. Petersburg area since 1986.

We are proud to be associated with many corporate day care facilities, church schools, private schools, and private day cares and the Hillsborough County School District.

The **Sports Fun®** philosophy is to teach young children a non-competitive, positive approach to fitness by introducing a wide variety of **sports designed for fun**. Our ultimate goal for every child is to encourage a lifelong interest in sports.

Each 30 minute class is designed to achieve the most effective cardio vascular workout while having **fun** and learning **sports** skills at the same time. The **Sports Fun®** instructors teach a new and exciting sport each week. With plenty of sports equipment for every child, personal success is guaranteed. This curriculum has been developed to emphasize age appropriate games, improving skills and technique, as well as, encouraging **sportsmanship** and **teamwork**. There are separate classes for the Pre-K and school age children.
