Did you know that it was only 70 years ago that Congress officially established the Fourth of July as a legal holiday? At that time, the mid 1900's, the annual Fourth of July picnic was a national tradition, often paid for by the company you worked for and called a "Company Picnic."

The idea of an old-fashioned company picnic remains a concept in which employees across the United States still look forward to and appreciate. Sports Fun Corporate Events, a unique Florida company, aspires to be the preternatural picnic party planner and offers a plethora of pleasing pastimes.

Interested in mouth watering, all you can eat Bar BQ buffets? Check that off, as Sports Fun has complete menus with all the quality and freshness customers would serve in their own homes. Seasonal menus increase their selection of fresh fruits and vegetables. What about team relay races, pie throwing or pie eating contests, arcade-type games and prizes? Sure, Sports Fun orchestrates party ideas which have been popular for more than 50 years making them classics.

So you say you want the latest and greatest for your employees and their families? Let's see – have you heard of orbital fun in the Human Gyroscope, the Tycoon Typhoon Money Machine with swirling money in an inflatable cube or personal transportation the Segway way? Sports Fun offers all these and more. Sports Fun picnics feature selections such as a 9 hole Mini Putt Putt Golf Course, a Slot Car Racing Track, the area's best Disc Jockeys, Rock Climbing Walls, Caricature and Henna Artists, Casino Games, Mono & Quad Bungee Jumps, Water Slides, must we go on?
