

## CHILDCARE TRAINING WORKSHOPS

### **“Let the Games Begin!”**

Schedule this exciting childcare training class for your staff! The two hour workshops are designed to educate teachers on new games, races and physical activities specifically created to challenge and entertain children of all ages on the playground.

Instructor: Leigh Dawson owner/President Sports Fun Enrichment Programs in business for over 20 years.

Outside playtime should be fun for children – and teachers too! This workshop will have educators turning movie characters and super heroes into action packed games designed to increase cardiovascular health and fitness. As a Director, it is essential that you offer a quality outdoor playtime experience to children; one that provides age appropriate movement skills in a safe and structured environment. This “hands on” workshop will teach energetic lesson plans along with ideas on how to gather inexpensive equipment that will fit your schools needs. Organized play can be fun and exciting, but more importantly, it will also create FIT and Healthy children. Help your kids in the fight against childhood obesity by learning that Fitness is Fun! Come prepared to play outside like you haven’t done in years!
